Continuation of 4(e) Other: The claims have again not been amended properly. For example, in claim 70, lines 3-4, the previous claim langauge (filed 10/25/2005) was not amended properly in that the next and most recent amendment (filed 10/16/2006), on line 4, has the new language "at an end of the blood flow conduit and a" which is not underlined. This is the only claim that the Examiner has reviewed. For this reason, the Applicant is required to review the entire set of claims for any other errors and to resubmit the amendment in proper form.
